Biography:

Shawn is a graduate of North Carolina State University with a degree in Civil Engineering and is a licensed professional engineer. With over 13 years of transportation engineering experience he has been employed with the Department of Transportation's (DOT) Traffic Safety Unit (TSU) since May 1993.

For the past five years, Shawn has been responsible for directing and managing the activities of the Safety Evaluation Group. In this capacity, he provides technical leadership, engineering expertise and supervisory investigative support at the state and national levels in an effort to improve the safety of North Carolina's streets and highways through the evaluation of past, present and future projects.
